Talia of the Fairy Tail

**A/N: I know that the fight is kind of similar with Naruto's and Sasuke's. **

**Shaddup!**

><p>Year X783. The Magic Tournament.<p>

Macao, Erza, Ashiro, Laxus and Talia.

We were chosen to be the team that will participate in the tournament.

Macao was a really good wizard. Makarov trusts him with his own life. Erza is Titania, of course she has to fight. She's the strongest fairy in the guild. Ashiro, is considered as the smartest person in the guild. He is also a good fighter. Laxus had to come even after what happened with Makarov and his dad. He figured that maybe if he wins the tournament, it will be even more interesting when he'll be a Master. And me, Talia, I'm said to be the second strongest, after Erza, of course. Stupid, of course. And Maybe because that I'm the Alchemy Dragon Slayer.

><p>"_**Why are you doing this?!**__" I yelled as he laughed in my face. "**What's so funny, you bastard?!**" I yelled once again.

_

_He didn't say anything. I sighed and tried to get up. Everyone was watching our battle scared. Well, I had bruises and cuts and I can't

really feel my body, and I can barely move, but I have to. I was in my knees, in front of him. He looked at me confused. When I stood up, I felt a sharp pain in my pinky. The bastard used his baby snake to bit me! I fell again in my knees, but no tears came. I have been beaten up for the last minutes, like really bad, but no sign of tears. _

_"**You went too far, Den!**" I heard Gray yelling, but it didn't seem like Den cared. "**You**** are teammates, idiot!**" Ashiro wanted to come in the field, but got stopped by a guard. "**You can't go in there, unless one of them gives up.**" I looked at my supposed love of my life, and ex-teammate. "**We were.**" He said looking at Ashiro, and then back at me. "**Give up, Talia.**" He said looking from up. I giggled a bit, as I tried again to get up. I could feel the poison spread in my hand now. "**Never. I will bring you back home, even if that means that I have to die.**" He widened his eyes, and I took the opportunity, as I caught him in my earth cage. "**Stupid, little, Talia. You think you can beat me with this?**" he said kicking it but no use. Usually, he could've break it, but no use now. I've improved. "**I don't want to fight you. I don't want to make you give up. I just want you to come back. To be again Wonder3. You, Ashiro and I-**" I wanted to continue, but I felt the poison spread up to my elbow. It spreads faster now! **Give up, Talia, and I won't hurt you again, and I'll tell you the antidot. I created the snakes, the poison, every- W-what are you doing?**" He asked scared when he saw me taking off my bandana and tied it tight upper to my elbow, where it wasn't poison. I took out my sword. **Stop it!**" He yelled. **You are not gonna do this!**" He added. Everyone was shocked. **If there are any kids watching this, I advise to stop watching.**" I said and wanted to cut my arm, but a hand stopped me. It was him. **Don't do this.**" he said with tears. Was he crying?! **Watch me.**" I said as a bigger pain made its way.

_

Blood...

_Den stopped the sword with his hand, and the poison went upper.

'_

Tears...

_This time I was crying, as he let his head drop on my shoulder.

_

_I shook him off. It's a magic tournament, not a drama. In my poisoned arm appeared my purple crystals. I can still do that. He smirked and in his left arm appeared a weird black power. I don't know that. We stepped back, and I smiled at him. _

_"**What are they doing?!**" Natsu yelled, as Master Makarov hit him and said. "**You'll have serious consequences if you do this!**" I smiled. "**It's gonna be fun.**" He said with the same smile that made me fell in love. "**I'm so going to regret this. Let's make a deal!**" I said and caught everyone's attention. "**If you win, I'll give up on you.**" I said and he interrupted me. "**Sounds good.**" "**Buuuuut, if I win, you'll leave Tiger's Fang and come back to Fairy Tail.**" I continued. "**You've got yourself a deal.**" He smirked, as we ran towards each other. When we reached, a yellow light appeared and everyone gasped. _

_I was laying on the ground. Well, I don't have a poisoned arm now.

_

I don't have an arm at all.

_Oh shit. I'm armless with my right. Well, at least the guild mark's on the left. _

_Ashiro was lying on the ground too. He was armless with his left.

_

_***Who won?***" He laughed and passed out. I hope. "***A-ashiro...***"
I tried to move but I couldn't. The medical team was here. It was the last thing I saw before passing out too._

When I woke up after three weeks I found out that I was in coma due the huge loss of blood. I also found out that Sabertooth won. The bitches... And two more things... That my fake arm was on its way and... that... Ashiro died.

I left the bouquet on his grave. It's all my fault. I keep on remembering that damn day...

After that, I wanted to leave the guild, but they wouldn't let me. My friends... I... I tried to hide the pain behind a stupid smile. I couldn't fool everyone, though.

It's been a year. I lost a friend, a teammate, a love...

I got up and headed to the guild. I heard hat Natsu's coming back from his trip. He went after Igneel. I doubt that he found him, but I don't know. Maybe he found something about it. Maybe he found something bout my dragon too, about Mioshi.
